Course Description and Objectives

Course Description

An overview of the history and philosophy of the current emergency management systems. Concepts, issues, and programs associated with emergency management agencies will be explored. Local, state, and federal government, as well as non-profit and private organizations', roles and responsibilities for preparing for, responding to, recovering from, and mitigating against natural and man-made disasters will be discussed.

Prerequisites

None

Course Objectives

Students will...

- Recognize the difference between an emergency and disaster.
- Understand the key components of an all-hazards approach to the emergency management cycle.
- Explore the emergency management cycle including preparedness, response, recovery, and mitigation.
- Analyze the roles and responsibilities in emergency management – this includes local, state, and federal government, the private sector, and non-governmental organizations.
- Investigate the global environment of emergency management.
- Be exposed to special topics in emergency management such as resilience, vulnerable populations, disaster mental health, crisis communication, and corporate social responsibility.

Course Outline, Requirements & Assignment Weights, and Grading

Course Outline

See Appendix A.

Course Requirements & Assignment Weights

Orientation (5%) - Students will complete a syllabus quiz and an introduction post on D2L.

Weekly Reading Reflection (20%) - Each week you will be required to submit a 1-page reflection (min. 500 words)

responding/reacting to the module reading(s). I do NOT want a summary of the reading; rather, I want to read what you thought about the content. What feelings do you have? What does it remind you of? Do you have any personal experience related to it? I'm open to reading pretty much anything but a direct summary.

Weekly Applied Activities (30%) - Each week you will use the knowledge gained and apply it to a real-world problem in emergency management.

Completion of FEMA Independent Study courses (20%) – You will need to register for a free FEMA SID Number before you can complete these free independent studies. These “courses” are the basic requirements for any emergency manager to have. You do not need to be a U.S. Citizen to register for a FEMA SID or to complete the courses. You will upload your completion certificate to Assignments in D2L for credit.

FEMA IS-100.c Introduction to the Incident Command System

FEMA IS-200.c Basic Incident Command Systems for Initial Response

FEMA IS-700.b An Introduction to the National Incident Management System

FEMA IS-800.c National Response Framework, An Introduction

Research Proposal and Paper (25%) - Please see the "Final Project" module under Content in D2L for more details.

Class Policies

Assignments and Extensions

Assignments are expected to be turned in on time. An automatic 5% per day will be deducted for any late assignment. Deadline extensions will only be granted under special circumstances. Discussions cannot be made up, and all other assignments are at the discretion of the instructor. Requests made prior to the deadline are most appreciated. For example, if you are observing a religious holiday that is in conflict with an assignment or exam deadline, it is your responsibility to notify the instructor prior to the assignment or exam deadline of any difficulty completing the assignment or exam on time due to your religious observance.

Contesting Grades

If you have received a grade on an assignment that you see as unfair, you have the right to contest the grade with a written explanation sent to me by email. I will consider it, but I reserve the right to give the grade initially given with an explanation of why your request was denied.

Final grades will NOT be changed. You will have had ample opportunity to contest your grades on assignments and/or exams. For example, while figuring final grades, if I find you are one point away from the next highest grade, you will receive the lower grade. If you are .1 point from the next highest grade, you will receive the lower grade. I will NOT raise your grade at the end of the semester if you are one or two points away from the next higher grade. What you earned is what you get. If I do it for one person, I will have to do it for all.

“Classroom” Expectations

Participation

The success of a student’s performance is directly related to the quantity and quality of preparation for and participation the course. It is possibly even more important in order to be successful in the online classroom. I fully expect participation and active engagement throughout the semester. I also expect that every student will be respectful of other students’ ideas and experiences; this is not to say that constructive critique can’t be used, only that it be done with tact and regard.

D2L

You all will have access to the online-based instruction program Desire2Learn (D2L). I will use D2L a number of ways, including e-mailing the whole class on updates and information, posting course documents (including any updates to the course outline), using it as an assignment submission tool, to post grades, and other activities. It is vital that you understand how to use D2L as it is essential to your success in class. If you have questions, please see me for help.

E-mail

All course e-mails will be sent to your UCO e-mail address; check your e-mails regularly! In addition, when e-mailing me, I ask that you please include POL 5383 and a short descriptor of what your email is about; for example, POL 5383: Missing Assignment.

Fine Print

Illness

If you are not feeling well, please refer to “Missing Class & Make-Up Assignments” for further details on how sick days will be handled. Because you have a week to complete your assignments, it is assumed you will be able to complete the assignments. This does not apply to more extreme diagnoses, such as COVID-19. Please email me if you have a condition requiring accommodations.

Incompletes

All students are expected to complete course requirements by the end of the semester. In those rare circumstances in which completion by semester’s end is not possible, I may decide either to submit a final grade based on the work completed or submit a grade of “I” along with a default grade based on work completed. In no case will an “I” grade be submitted unless at least 50% of the required work has been completed by the end of the semester. If an “I” grade is submitted, the student will be allowed no more than one year from the end of the semester to complete course requirements; else, the “I” grade will convert to the default grade.

Academic Integrity

I seek to uphold equity and fairness in my classroom. Cheating of any kind will not be tolerated in consideration of your fellow students. I abide by UCO’s Academic Dishonesty Policy, which is available in the syllabus attachment.

ADA Statement Regarding Special Accommodations

The University of Central Oklahoma complies with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. Students with disabilities who need special accommodations must make their requests by contacting Disability Support Services, at (405) 974-2516. The DSS Office is located in the Nigh University Center, Room 305. Students should also notify the instructor of special accommodation needs as soon as possible. Per Title IX of the Education Amendments of 1972 (“Title IX”), pregnant and parenting students may request adjustments by contacting the Title IX Coordinator, at (405) 974-3377 or TitleIX@uco.edu. The Title IX Office is located in the Lillard Administration Building, Room 114D.
